Disagree
Agree
Learning Outcomes
(a) I have learnt new things during this VFT
(b) I have a better understanding of petroleum exploration processes
Trip Timing and Delivery
(c) I liked having the field trip at a fixed time (9am-5pm, 5-days a week)
(d) Working in groups was better than independant working
Software, content and IT
(e) Overall the IT solution worked for me
(f) Training in LIME and/or Google Earth Pro should be given before the VFT
(g) I understand how to use Google Earth Pro for geology
(h) LIME is a good tool for VFTs
(i) Once I got the hang of it, I enjoyed using LIME
(j) Blackboard worked well as a platform to run the VFT and for distributing material
VFTs vs. field trips
(k) I learnt things during this VFT that I would not have learnt on a normal field trip
(l) I think VFTs are better than normal field trips
(m) I'd rather be in Utah/ Pyrenees
