Editor comment on "A snapshot sample on how COVID-19 impacted and holds up a mirror to European water education" by Benjamin M. C. Fischer and Alexandru Tatomir, Geosci. Commun. Discuss., <https://doi.org/10.5194/gc-2022-5-RC2>, 2022

Editor, Comments to the author:

Hello Benjamin and Alexandru,

Many thanks for the final revisions. I'm happy to recommend the manuscript for publication. Thanks for your clear responses to feedback!

Cheers,

Steve

Dear Editor, Dear Steve,

We are happy you were satisfied with our revised manuscript and that our manuscript is accepted. We uploaded now the latest version of the manuscript including a 500-character summary, the zip file with figures.

In case you have questions or additional changes need to be made to finalize the last steps please let us know.

Best regards and have a nice summer!

Benjamin Fischer and Alexandru Tatomir
